

North Wales Lecture Tour **for October 2009**

'Nine Decisive Minutes'

This lecture tour offers a unique opportunity to meet and listen to Putnoki Tibor from Hungary who will be visiting North Wales in October this year to share something of his extraordinary life-experiences with interested audiences. The main focus of his talks

will address an event that took place some 15 years ago which was a 9 minute Clinical death experience. The experience was well documented at the time and was the subject of radio and TV coverage. The event, which opened the door to quite different ways of seeing the world, was not only to change Tibor's own life, but subsequently affected many others lives also.

Tibor starts his talks with a general description of his background, and then gives a very clear and lucid picture of the event itself. This can be followed by an account of the extra capacities that he grew aware of, and what was to follow. His talks are an open and frank description of an everyday mans experiences. He speaks simply and from the heart, and reveals the impulse he felt that he had to share with others.

Although there may be many descriptions of peoples' near death experiences, few have been able to successfully realise a practical application of the discoveries. However through Tibors' experience a number of initiatives were born that have inspired others who work with them e.g.- a Healing massage technique which is now widely known in Hungary,- Summer Development Camps, which take place in a naturally beautiful environment in the north east of Hungary, and -

a Traditional Shamanic Drummers Team who are now 'recognised' and celebrated within the country, and who are now representing the impulse internationally.

Rarely does one have the opportunity to speak to someone who can answer the questions - from personal experience - that people carry about this topic. This lecture tour offers this unique opportunity, and you are warmly welcome to attend. The title of his talks will be:

Putnoki Tibor

'Nine Decisive Minutes'

**Dates and venues
confirmed so far (more may be added):**

| Day | Date | Hour | Place |
|------------|-------------|-------------|--------------|
|------------|-------------|-------------|--------------|

| | | | |
|--------------|----------------------------|-------------|----------------------------------|
| Thurs | 15th Oct | 7.30 | Aberllefenni Nr Dolgellau |
